Dear Darren:

On behalf of Okanagan College we would like to extend our sincere gratitude to you for an excellent job on the difficult task of hanging the Cessna plane in the atrium of our new Trades Building. We know this special project took a lot of technical planning and two weekends of your time to actually lift the plane into place. Hanging the plane would not have been possible without all those who problem-solved behind the scenes and completed the difficult task of actually getting the plane into position.

We are proud of this special feature in the atrium and have received a lot of positive feedback about how it provides a finishing touch on this exceptional building.

Thank you for all of your assistance in bringing this project to such a successful conclusion.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim Hamilton", written over a light blue horizontal line.

Jim Hamilton
President
Okanagan College
